Licensed Landscape Architect

Description

As the senior Landscape Architect, you'll be working with TheWaterSpace founder Chris Volk on a daily basis. You'll be part of an innovative movement that's changing the game for how pools and landscapes are done.

You'll be a key player in creating the designs that turn pools, spas and landscapes into custom, unified WaterSpaces. From small lots to large estates, you'll be working with discerning customers who appreciate the central role design plays in creating a beautiful, functional, and enchanting home environment.

If you are a licensed Landscape Architect with 15 years of professional experience, apply below to tell us about yourself and your interest in working with customers to create custom residential WaterSpaces.
